THE AMERICAN PEOPLE

Democrat Leaders frequently insist that they represent "the American People". They most emphatically do not! There are more than 70 million of us whom they do not represent- almost half of all voters! We voted against them! There shall be no unity or peace between us while they reject and denigrate the values and principles that we believe in as Republicans. Americans who did vote for Mr Biden and Ms Harris and who support the agenda of the Democratic Party shall rue the day they did that. All the American People shall!

SAD FOR MR TRUMP AND AMERICA

I am very sad for President Trump, his family and Team. I am very sad for the millions of people who supported Mr Trump. I am very sad for our very divided America. I am happy for the Republicans who won their elections down ballot. I am keeping them all in my prayers. I am sad for America if Mr Biden and Ms Harris and the Democrats win. I am keeping them in my prayers, too. Hallowed be Thy Name, Lord. Thy will be done. I am hoping against hope that the election results shall be overturned.
